# Diana Diaz Bisbe

Cloud Solutions Developer @ ENCAMINA | Computer Science  
Madrid, Community of Madrid, Spain

## Summary

Diana Diaz Bisbe is a software engineer dedicated to the world of artificial intelligence.

Her passion for technology and her ability to solve complex technical problems are evident in her work, where she primarily uses Python and C# to develop impactful applications. Diana holds a degree in Computer Science from the University of Central Florida. She is an avid advocate for lifelong learning and stands out as a speaker in the artificial intelligence community. She has held roles as a developer in image processing and recognition projects, as well as in the creation of solutions and applications using generative artificial intelligence.

She is also a movie buff and a bookworm, who loves to explore the great outdoors and discuss the nuances of films and literature. She values curiosity, collaboration, and creativity.

---

## Experience

### ENCAMINA

Cloud Solutions Developer

July 2023 - Present (8 months)

Madrid, Community of Madrid, Spain

### Isemaren

Artificial Intelligence Tech

June 2023 - July 2023 (2 months)

Madrid, Community of Madrid, Spain

### Full Sail University

Staff

August 2021 - August 2022 (1 year 1 month)

Winter Park, Florida, United States

### University of Central Florida

### Undergraduate Researcher

August 2020 - September 2021 (1 year 2 months)

Orlando, Florida, United States

Contributed to Player detection and tracking, an application to analyze soccer games footage -

tracking accuracy and object recognition.

### Valencia College

4 years 4 months

### Program Specialist

June 2019 - August 2021 (2 years 3 months)

Orlando, Florida, United States

### Recreational Assistant

July 2018 - June 2019 (1 year)

Orlando, Florida, United States

### Student Staff

May 2017 - August 2018 (1 year 4 months)

Orlando, Florida Area

---

## Education

### University of Central Florida

Bachelor of Science - BS, Computer Science · (August 2016 - August 2021)

### EUDE Business School

Master's degree, Big Data and Business Intelligence · (October 2022 - November 2023)
